- Legislative and regulatory advocacy
- Marketing and networking opportunities

Receive significant savings on your subscription purchase to the McGraw-Hill Construction Network® and the McGraw-Hill Construction Network® Bid Management Service with your membership to the Central Illinois Builders AGC.

McGraw-Hill Construction Network

McGraw-Hill Construction Network® is the largest, most accurate project, plans and key contact information source in Central Illinois.

- A simple, easy-to-use online service for projects and plans
- Timely information on projects and plans
- Two clicks to review projects and plans
- Email alerts for your projects
- Keyword search capabilities
- Plans online with the ability to download and print
- Order full size, hard copy plans for overnight delivery
- Access to local Dodge Plan Room

McGraw-Hill Construction Network Bid Management

The new online Network Bid Management service helps general contractors manage the entire bidding process easier than ever before.

- Streamline the scattered and often challenging bidding process
- Control communication and receipt of critical bid documents
- One click from Network projects to plans
- Save hundreds, even thousands of dollars on every project bid
