Roger Huebner
Executive Vice President
Central Illinois Builders of AGC

Roger,

As per our conversations about contract opening for the sole purpose of changing the remittance portion of the Health and Welfare contribution for the Cement Masons contract, we are finally getting closer to having the report forms together and hopefully more simplified for everyone. I appreciate your patience with this matter as it has been a scramble for me to get everything together in the short time they gave me.

What we have come up with at this point is that HealthScope will be the one to send out the forms. When the new forms come out there will be two remittance checks from contractors needed. One will go to HealthScope and the other will be to Local #143.

On the current wage addendum for the Cement Masons contract does reflect direction of payments. Within the contract page 10 has SATP language, page 12 has Health and Welfare language, 13 has Pension language remittance information that will need to be changed to reflect the new reporting. Below will be how the remittance

Remit: check made payable to HealthScope Benefits the following: Health and Welfare and Pension, to HealthScope Benefits, PO Box 68994, Indianapolis, IN 46268

Remit: check made payable to Local #143 the following: International Dues, Union Work Dues Apprentice, Industry Advancement, Contractor SATP and optional Vacation Savings to Local #143, PO Box 6569, Champaign, IL 61826.

Respectfully,

Jeff Mozingo
Business Manager
OPCMIA Local #143
